Structure of the programme

Educational programme of Georgian philology consist of:

<p>45 ECTS credit _ university subject, 40 credit compulsory and 5 credits elected from 25 credits. Major study courses 120 credits, which is a combination of three modules (history of Georgian literature, basic of Georgian language, history of world literature) and separate subjects 15 credits _ Elected subjects from the major study Minor specialty 60 credits Students are given the chance to arrange their own study programme: 1. 180 credits (university subjects 45 credits, major compulsory subjects 120 credits and 15 credits for elected subjects and 60 minor specialty Or 2. 180 credits (university subjects 45 credits, major compulsory subjects 120 credits and 15 credits for elected subjects and 60 free credits</p>	
<p>45 credits for university subjects is compulsory for each students entering the Teaching University</p>	<p>Within the university subject, students will gain the practical skills needed for applying knowledge and transferring and establishing values in the society. From university subjects, students are obliged to obtain 45 credits. Compulsory subjects are information technologies, foreign language, academic writing, philosophy, democracy, and citizenship. Within those subjects, students will gain communication skills, skills for formation values, to be able to respect cultural diversity in the global environment and to share equal values for such a society. Students will gain the skills of writing and oral communication and look for the information by using modern technologies and share this information with others. Within university subjects, students will have the possibility to study 20 credits of foreign language (English or German, depends on students will) to gain the communication skills in foreign language. The aim of foreign language study is to enhance the elements of internationalization in the programme. To be enrolled in the programme students do not have any limitation during the national exam, they are not obliged to pass the English language tests after enrollment students will have a special test in a foreign language just to divide them according to their levels of language knowledge. After testing they will start study foreign language from the level confirmed during testing. Students can use free credits for foreign language study. From the 25 credits for elected subjects, students will choose one 5 credits subject. From the elected subjects "career management" can be studied in English (students will have the possibility to study in Georgian or in English) The English version of this course was designed within the international project Picasa running in the Teaching University. Within "career management" course will be used blended learning teaching methodology as a pilot version designed within DARE international project.</p>
<p>120 credit subjects for a major specialty</p>	<p>Major study courses 120 credits, which is a combination of three modules (history of Georgian literature, basic of Georgian language, history of world literature) and separate subjects mainly oriented on gaining knowledge and competencies defined by the learning outcomes of the programme. Within those subjects students will gain the skills for study and make a judgment, skills for the formation of values, all subjects are compulsory. Within those credits, students will have the possibility of internship practice to apply the knowledge gained during the theoretical study.</p>
<p>15 credits for elective subjects of the major study</p>	<p>15 credits for elective subjects of major study give the students possibility to enhance the knowledge gained during major specialty. Those are additional competencies and knowledge necessary for the proper and wider study of the field. Those elective subjects can be used for enhancement of some modules. Students can make the decision to write bachelor thesis in case they would like to enhance their research skills and they are oriented on further research work.</p>

60 credits for minor specialty	<p>Within these 60 minor specialty credit students are allowed to study additional subjects from different field of studies like business administration, English philology or history.</p> <p>In case of free 60 credits, those credits make the internal and external mobility and recognition procedure flexible. Especially for the students used one academic year mobility abroad within Erasmus+ (credit mobility) projects running in the teaching University. Erasmus+ (credit mobility).</p>
